

## Membership Dues

According to § 5 No. 1 of the IDTA Statutes, each member is obliged to pay an annual contribution. Pursuant to § 5 No. 2 of the IDTA Articles of Association, the amount of the contribution is determined on the proposal of the Board of Directors and by a resolution of the General Meeting.

The IDTA contribution is based on the member's worldwide revenue in the previous year. The IDTA annual contribution to be paid results from a tiered tariff. Accordingly, all members in the respective tier pay the same contribution rate. If a member joins IDTA during the year, the annual fee is payable pro rata for the remaining months of the year.

### Reporting of revenue as the basis for determining contributions

Upon joining, the member reports its worldwide sales made in the previous year. IDTA does not pass these values on to third parties and uses them exclusively for the calculation of the membership fee. Subsequently, a corresponding invoice is sent to the member.

An update of the revenue query for recalculation of the contribution takes place at regular intervals.

### Due date for payment of dues

Payment of the membership fee to the bank account specified in the invoice must be made within 30 days of receipt of the invoice.

### Admission Fee

Currently, no admission fee is charged.

### Levies
